Goldin Estate Series

*“Setting a new trend for
Residential Homes”*

At Goldin Metals Inc., we are proud to offer our new line of Goldin Estate Series metal fencing to homeowners and businesses looking for a high quality, sturdy, privacy fence.

Goldin Estate Series metal fencing is a smart, affordable alternative to privacy fencing. It is an ideal solution for those looking for a low-maintenance, durable fence.

We manufacture our panels in a wide range of profiles, thicknesses, heights, and colors. We also carry painted screws and accessories.

Goldin Estate Series has many choices to improve or complement your residential home or property.

We also have heavy duty material available for commercial / industrial use as well as economical material for farms and large property acreage.

We stock heavy duty posts and 7/8" galvanized runners. Our metal frame, painted screws will self drill into the panels and hat channel with ease. Fence installers and homeowners like the simplicity of installation.
