****EVERYWHERE YOU LOOK,
THERE'S ANOTHER METAL ROOF****

Commercial and Industrial Roofing and Siding

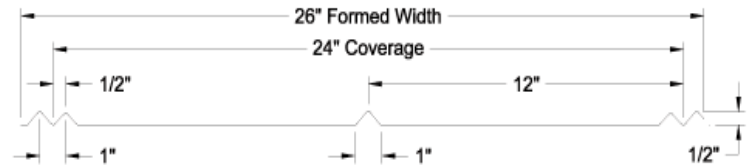

Goldin Metals, Inc. Commercial and Industrial Roofing and Siding panels are highlighted in the R-Panel, 5V Crimp, and Corrugated lines of panels. Each profile offers durability, dependability, and modern profiles.

R-Panel

Available in a multitude of colors in 26, 24, and 22 gauge material that will suite almost any need. The R-Panel's classic design provides 36 inch coverage, offering strength, durability, fire resistance and protection.

5V Crimp

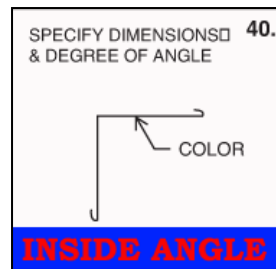

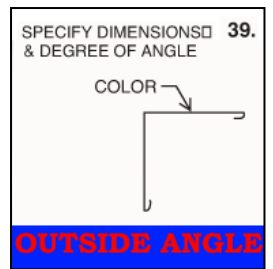

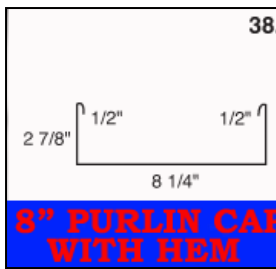

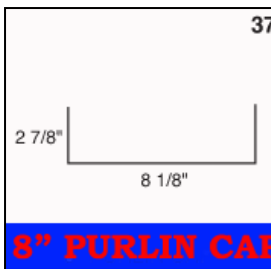

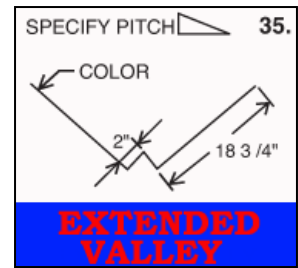

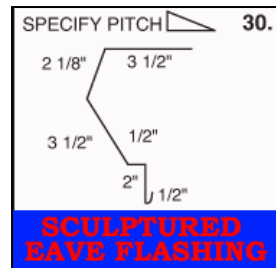

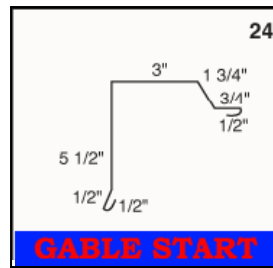

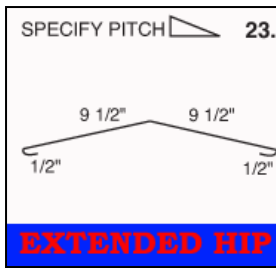

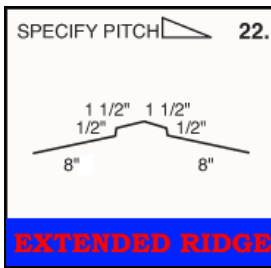

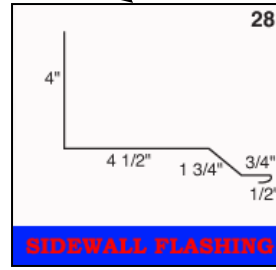

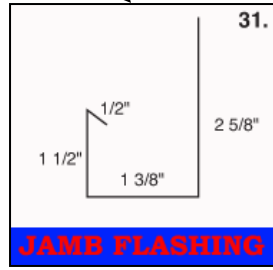

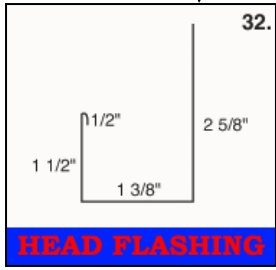

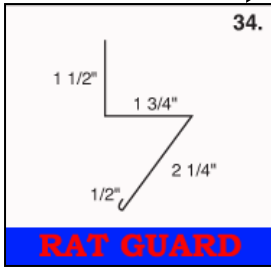

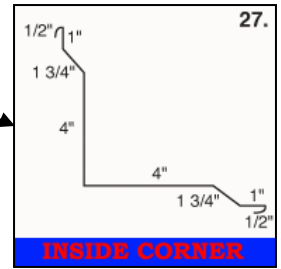

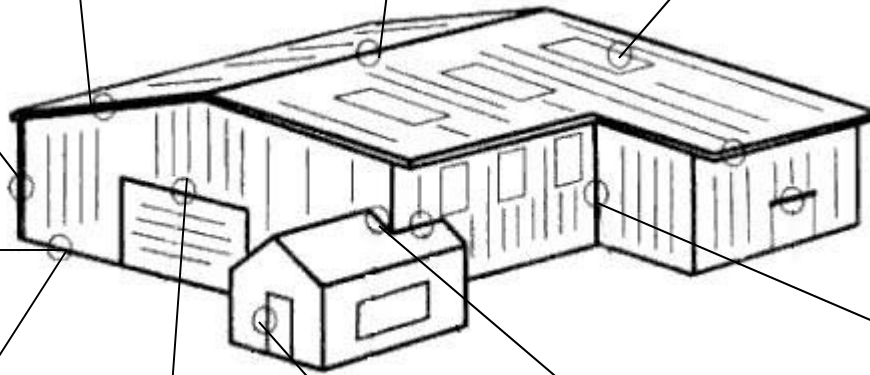

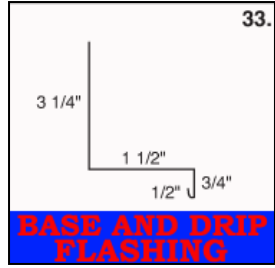

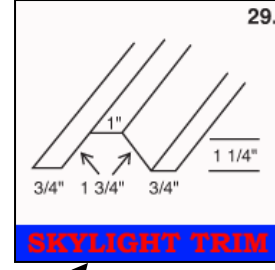

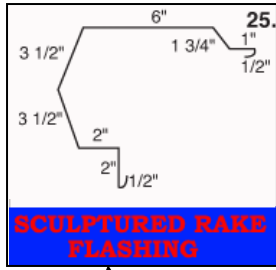

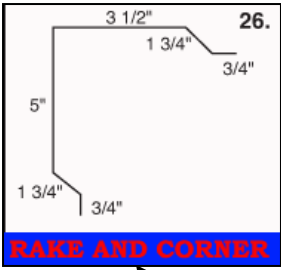

Available in a multitude of colors in 26 and 24 gauge material that will suite almost any need. The 5V Crimp's ultra low profile offers the look of elegance, but also lends durability to all projects and helps the pocket book with its high functionality and low maintenance cost.

Corrugated

Available in a multitude of colors in 29, 26, and 24 gauge material that will suite almost any need. The Corrugated profile offers builders a classic, Victorian style aesthetically pleasing for very visible roofs. The 24 inches of coverage and design offers increased strength and durability for any project.
